A reliable and conscientious individual who can work well alone and as part of a team. I have recently successfully completed a full stack coding bootcamp at University of Birmingham and I'm now looking for an opportunity to use my newly acquired skills to work within Web Development.

EXPERIENCE

ASDA , Halesowen— *Retail Assistant*

DECEMBER 2016 - JUNE 2023

I have over 6 years work experience working in a retail assistant role working on multiple departments during my time at ASDA. Here I learned the lesson of both working within a team and also by myself to make sure tasks were completed on time. Another skill I learnt while working at ASDA was the importance of communication to both customers and other colleagues.

Gould Singleton Architects , Halesowen — *Work Experience*

2015 *

A two week work experience working at Gould Singleton Architects where I learned how to plan out and design a building on paper which I then spent time recreating on to the computer software.

Caslon Primary School— *Work Experience*

2012 *

A one week work experience at Caslon Primary School where I had to act as a role model to students and help the teacher prepare for the day and help throughout the lessons.

EDUCATION

University of Birmingham, Birmingham— *Degree*

MARCH 2023 - SEPTEMBER 2023

I completed a 6 month bootcamp course at the University of Birmingham studying full stack coding where i gained skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS.
